

COUNCIL WEEKLY UPDATE

January 28, 2021

ENGINEERING

El Corazon Aquatics Center – Work is wrapping up. The Contractor is working on punch list items and corrective items. Project completion is now anticipated for Spring 2021 and furniture, fixtures and equipment are being finalized for purchase.

Quiet Zone Update – Field work and SDG&E coordination continues for the traffic signal at Mission/Myers. The Quiet Zone application is under review by the Federal Railroad Administration, the California Public Utilities Commission, North County Transit District, and the railroad companies operating through the proposed zone.

ECONOMIC DEVELOPMENT

Downtown Oceanside Property and Business Improvement District (PBID) Update – Pressure washing in the PBID area started earlier this month. [Schedule](#)

WATER UTILITIES

Food Scraps Recycling Webinar - Over 58 businesses registered for the January 25 “Back to Basics: Food Scraps Recycling 101” webinar hosted by Green Oceanside and Waste Management. Attendees learned the basics of a successful program and how to keep contaminants out of the food scrap, recycling, and green waste bins. Due to popular demand and the questions from the attendees, the Green Oceanside team plans to host an additional webinar in mid-February. The recorded version of January’s webinar will be added to www.GreenOceanside.org.

Fourth Grade Water Awareness Poster Contest Now Accepting Entries - Green Oceanside launched the 2021 Water Awareness Poster Contest, a popular annual competition among fourth graders in North County to illustrate the ways they value water. This year, students may submit entries digitally or via mail by downloading the entry form from the Green Oceanside website. The top three posters will win prizes and be featured in the 2022 regional water efficiency calendar. 2021 calendars, featuring Oceanside’s artists from Ivy Ranch Elementary and McAuliffe Elementary, are currently available to the community at the Civic Center Library and Utility Billing front counter.
