We have two aeromedical providers in the city. Mercy Air is currently based out of the Oceanside Airport. While landing zones for helicopters may be designated at ad-hoc locations, we have four secured designated helipads in the City of Oceanside. These are located at the Oceanside Airport, the OFD Training Center on Jones Road, Fire Station 5 off of North River Road, and at Tri-City Hospital.

## Neighborhood Services

**National Night Out** will be held on August 1, 2017. National Night Out (NNO) is a community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods a safer, better place to live. NNO enhances the relationship between neighbors and law enforcement while bringing back a true sense of community and provides a great opportunity to bring police and neighbors together under positive circumstances.

Four neighborhoods across Oceanside will host community events with youth activities, visits from public safety personnel, movies in the parks, and/or basketball tournaments. The Oceanside locations participating in this year's annual campaign are:

- Crown Heights Resource Center will feature the movie "Moana" from 5:00 - 8:00 p.m.
- John Landes Park will host youth activities and a basketball tournament from 5:00 - 8:00 p.m.
- Joe Balderrama Park will feature the "Lego Batman Movie" from 5:00 - 9:00 p.m.
- Libby Lake Park will show the "Lego Batman Movie" from 7:00 - 9:00 p.m.

### **California Youth Soccer and Recreation Development Program grant application update**

Neighborhood Services Department staff have received notification from the State of California Department of Parks & Recreation (DPR) that the City of Oceanside was not selected among awardees for the California Youth Soccer and Recreation Development Programs FY 2017-19 grant. California DPR received 166 applications requesting a total of \$134,893,005 from throughout the state. California DPR had \$16 million available for grants. All proposals underwent a competitive review process and were scored based on criteria that included community challenges, project benefits, and demographic information using the California State Parks Community Fact Finder – Youth Soccer tool. As a result, only 25 proposals were awarded throughout California. Staff were able to obtain verbal feedback as to the rating and scoring of our application. DPR staff indicated the City of Oceanside's proposal was strong with one exception, a relatively low unemployment rate of 8.1% for the Eastside community, as compared to other applicants. State DPR provided City staff with additional grant opportunities to pursue to benefit the Balderrama Soccer Field project or other park improvements. Any questions can be directed to Maria Yanez at (760) 435-3393.

## Water Utilities
