Public Works

Caltrans Right-Of-Way (ROW) Cleaning Update - As part of the City's ongoing effort with Caltrans to maintain their ROW, they have been actively working this week on the 78 and 5. As of Thursday they have completed work at Mission and the I-5, and most of the 78 corridor through Oceanside. Staff will continue to push the importance of maintenance and Oceanside's priority as the gate way to San Diego County.

Helgren's Oceanside Sportfishing/Oceanside Sea Center - Staff has continued to coordinate with Helgren's and Oceanside Sea Center to find space in the Harbor to accommodate the operations of each group. To the extent these discussions impact Oceanside Adventures and the Coast Guard Auxiliary, they have been consulted, and there is general agreement among all parties regarding the premises to be occupied by each operation. Final lease terms are currently being negotiated, and staff plans to bring proposed written lease agreements with all affected parties to the Harbor Board for consideration at the same meeting, prior to expiration of Helgren's lease on November 30, 2017.

Harbor dock access - All the dock gates, restrooms, and the Harbor Office are operational with a new electronic key fob. The staff testing of the key fobs began on Tuesday. Police, maintenance, and office staff have them. Instructions were given to use them as much as possible to test durability. We will be testing them for water tightness and rough/heavy usage. For the past few days, they have been working very well. We have had a couple of issues with the gates being adjusted properly. Staff is resolving. Overall, at this point the system is working well.
