### **GEM Electric Vehicles**

Parking Enforcement has purchased two zero emission GEM electric vehicles to be used to monitor 2- and 4-hour time zones in the downtown area as well as parking lots and metered areas. Through the efforts of the Public Works Department, the City adopted a Green Fleet Policy committing to a 100% clean-and-green fleet by using fuels and vehicles that are the most fuel-efficient, low-emission vehicles available while still meeting the business needs of the City. The policy also mandates a decrease in Green House Gas emissions by 10% by fiscal year 2012-13. Parking Enforcement plans to roll out the GEM vehicles in February.
