Neighborhood Services Department

Cal State University "Senior Experience" to benefit Parks and Rec – The Neighborhood Services Department has been selected to participate in the "Senior Experience" program at Cal State University San Marcos. The program matches organizations, such as the City of Oceanside, with a team of University students in their senior year who, as a graduation requirement, must complete a semester-long "internship" relating to their area of study. The "Senior Experience" team will work with Parks and Recreation in the development of a community assessment tool to measure efficiencies in service delivery and customer satisfaction of currently offered recreation

programs. The outcome will be statistically valid information that will be used to enhance current recreation user satisfaction and to increase the overall customer base.
