

COUNCIL WEEKLY UPDATE

December 2, 2010

Civic Center Library renovation underway

The Civic Center Library renovation is in its second week and is progressing very well. The Library annex in the community room is open from 10 am - 4 pm Monday through Friday. Although computers are not available, the annex is popular and very busy with many library customers picking up reading material. The Mission Branch and bookmobile have expanded hours and both locations are seeing increased usage also.

Preparation for the project involved hard work by Library staff and Public Works who dismantled work areas, boxed books, set up the annex, and cleared away many items of old furniture and shelving. MW Construction has begun demolition on the second floor and framing of three new study rooms and the computer training room has begun.

New furniture has been ordered, with the entire cost paid by the Friends of the Library and Oceanside Public Library Foundation. Each group has pledged approximately \$60,000 in support for furniture, children's mural, and new donor recognition wall. In addition, the Library was fortunate to acquire nearly-new display fixtures and shelving from the Borders Bookstore at the Forum in Carlsbad. The store is going out of business and liquidating its furniture and inventory. The Library purchased \$7,400 worth of furniture for the atrium and teen area. These same items, if purchased new from library supply vendors, would have cost more than \$87,000.

Staff is committed to providing the best possible public service during the closure. Please direct any questions to the Project Manager, Nathan Mertz, or Library Director Deborah Polich.
