### **Rancho Del Oro Road and Cameo Drive Community Meeting**

A traffic signal has been installed (but not yet activated) at the intersection of Rancho del Oro Drive and Cameo Drive. The Development Services Department is hosting a meeting on Thursday, November 12, 2009 at 6:30 p.m. at the El Corazon Senior Center to receive community input concerning the activation of the traffic signal. This item will be brought to City Council on December 16, 2009. ### **Meeting of Morro Hills to discuss sub-division requirements**

The Morro Hills Growers Association has distributed a notice to Morro Hills property owners inviting them to attend a community meeting scheduled to be held on Thursday November 12, 2009, from 6:00 to 7:30 pm at Chavez Middle School (202 Oleander Dr.). According to the notice, the purpose of the meeting is two fold: a) to share with Morro Hills property owners Morro Hills Growers Association’s planned actions for the next 12 months; and b) to outline what each one of the property owners will have to do – and pay for separately - if they wished to subdivide their property in the future. At the end of the meeting, Morro Hills Growers Association intends to invite property owners to join them in their anticipated planning efforts.

Development Services department staff will be in attendance as observers. As with other meetings of similar nature and in consideration of the Brown Act, the City Attorney's office advises that Councilmembers may attend this meeting, however activities should be limited to observation and not participation.

### **Melrose Drive Extension Project**

The City submitted the current Draft Environmental Impact Report (DEIR) and all supporting technical studies to County parks and County planning staff members on October 1, 2009. At that time, the County indicated that they would return their

comments by November 11, 2009. County staff are still reviewing the documents, but it appears that their review may need more time. However, City staffs are currently working with County staffs to complete their review as soon as possible with the goal of revising the DEIR for public review by end of November. After 60 days of public review, the staff and its consultants will address the comments and produce the Final EIR.
